MODERN DESIGNS REDECORATE YOUR SPACE

WHY RING SUSPENDED LIGHTING?

Over the past decade, designers have been drawn to the use of lighting in their interior spaces. LED pendant lighting has found its way into these designs with its combination of both form and function and its ability to enhance any interior space. Using top of the line component

RING SUSPENDED LIGHTING FOR THE 99%

Competitive Advantages

- Quality products at competitive price
- Customer service
- An advanced evolution in led lighting
- Advanced technology aircraft warning light and Helideck light
- High quality and value for money products

Mission

- Provide high quality and affordable lighting solutions
- Create and cultivate long term relationships with clients

Our Values

- Customer Centricity
- Commitment to People and Community
- Continuous Innovation and Excellence

THIS IS LUMINA

You spend up to 90% of your life indoors. Don't you deserve better lighting?

Welcome to Lumina Lighting. When you consider how much time is spent indoors, indoor lighting is often overlooked. Pricing of modern designed lighting can be expensive with few affordable options other than basic and boring lighting fixtures. This is where Lumina comes in.

Lumina offers Lumina Glow Led Light, a high quality, modern and reliable product of affordable value. It's time to upgrade your lighting with cost saving, elegant lighting designs

that are ready to transform your indoor spaces. Our mission is to provide just that.

For just over a couple of years now, Lumina lighting has been bringing specialized LED linear lighting design and production to the rapidly expanding office environments of Middle East. Founded in 2016, in Dubai, UAE. Lumina Lighting has set out with the goal of offering practical and artistic LED linear lighting solutions for a variety of needs in various applications.

We strive to place every product perfectly in its place to bring the optimum and desired lighting. We are certain that there is no better

choice out there than Lumina Lighting.

Our lighting and design professionals are also hands on as they provide suggestions and unique lighting design solutions. Using our standard line of LED linear lighting products along with any number of custom options, we believe the sky is the limit with what can be created in a space.

We have a dedicated team in research and development that continually works on improving our lighting designs so that our customers can rest assured that they are getting the best possible LED linear lighting. Quality is

everything and every light fixture that leaves our factory is strictly checked for quality assurance.

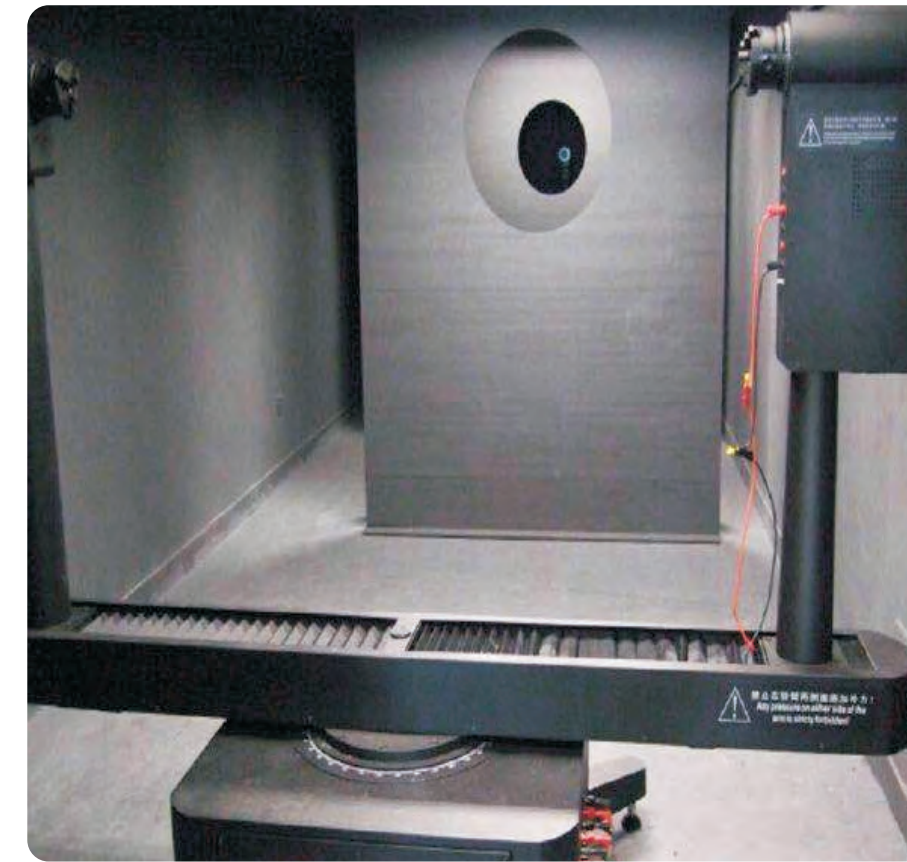

Lumina interacts with customers across GCC and Africa. Lumina markets its products in all of GCC, Africa, India, Pakistan, Sri Lanka, Bangladesh, and Nepal. This has inspired our own ambitions to grow beyond our current borders. We are passionate about bringing our products, designs and solutions to customers around the world.

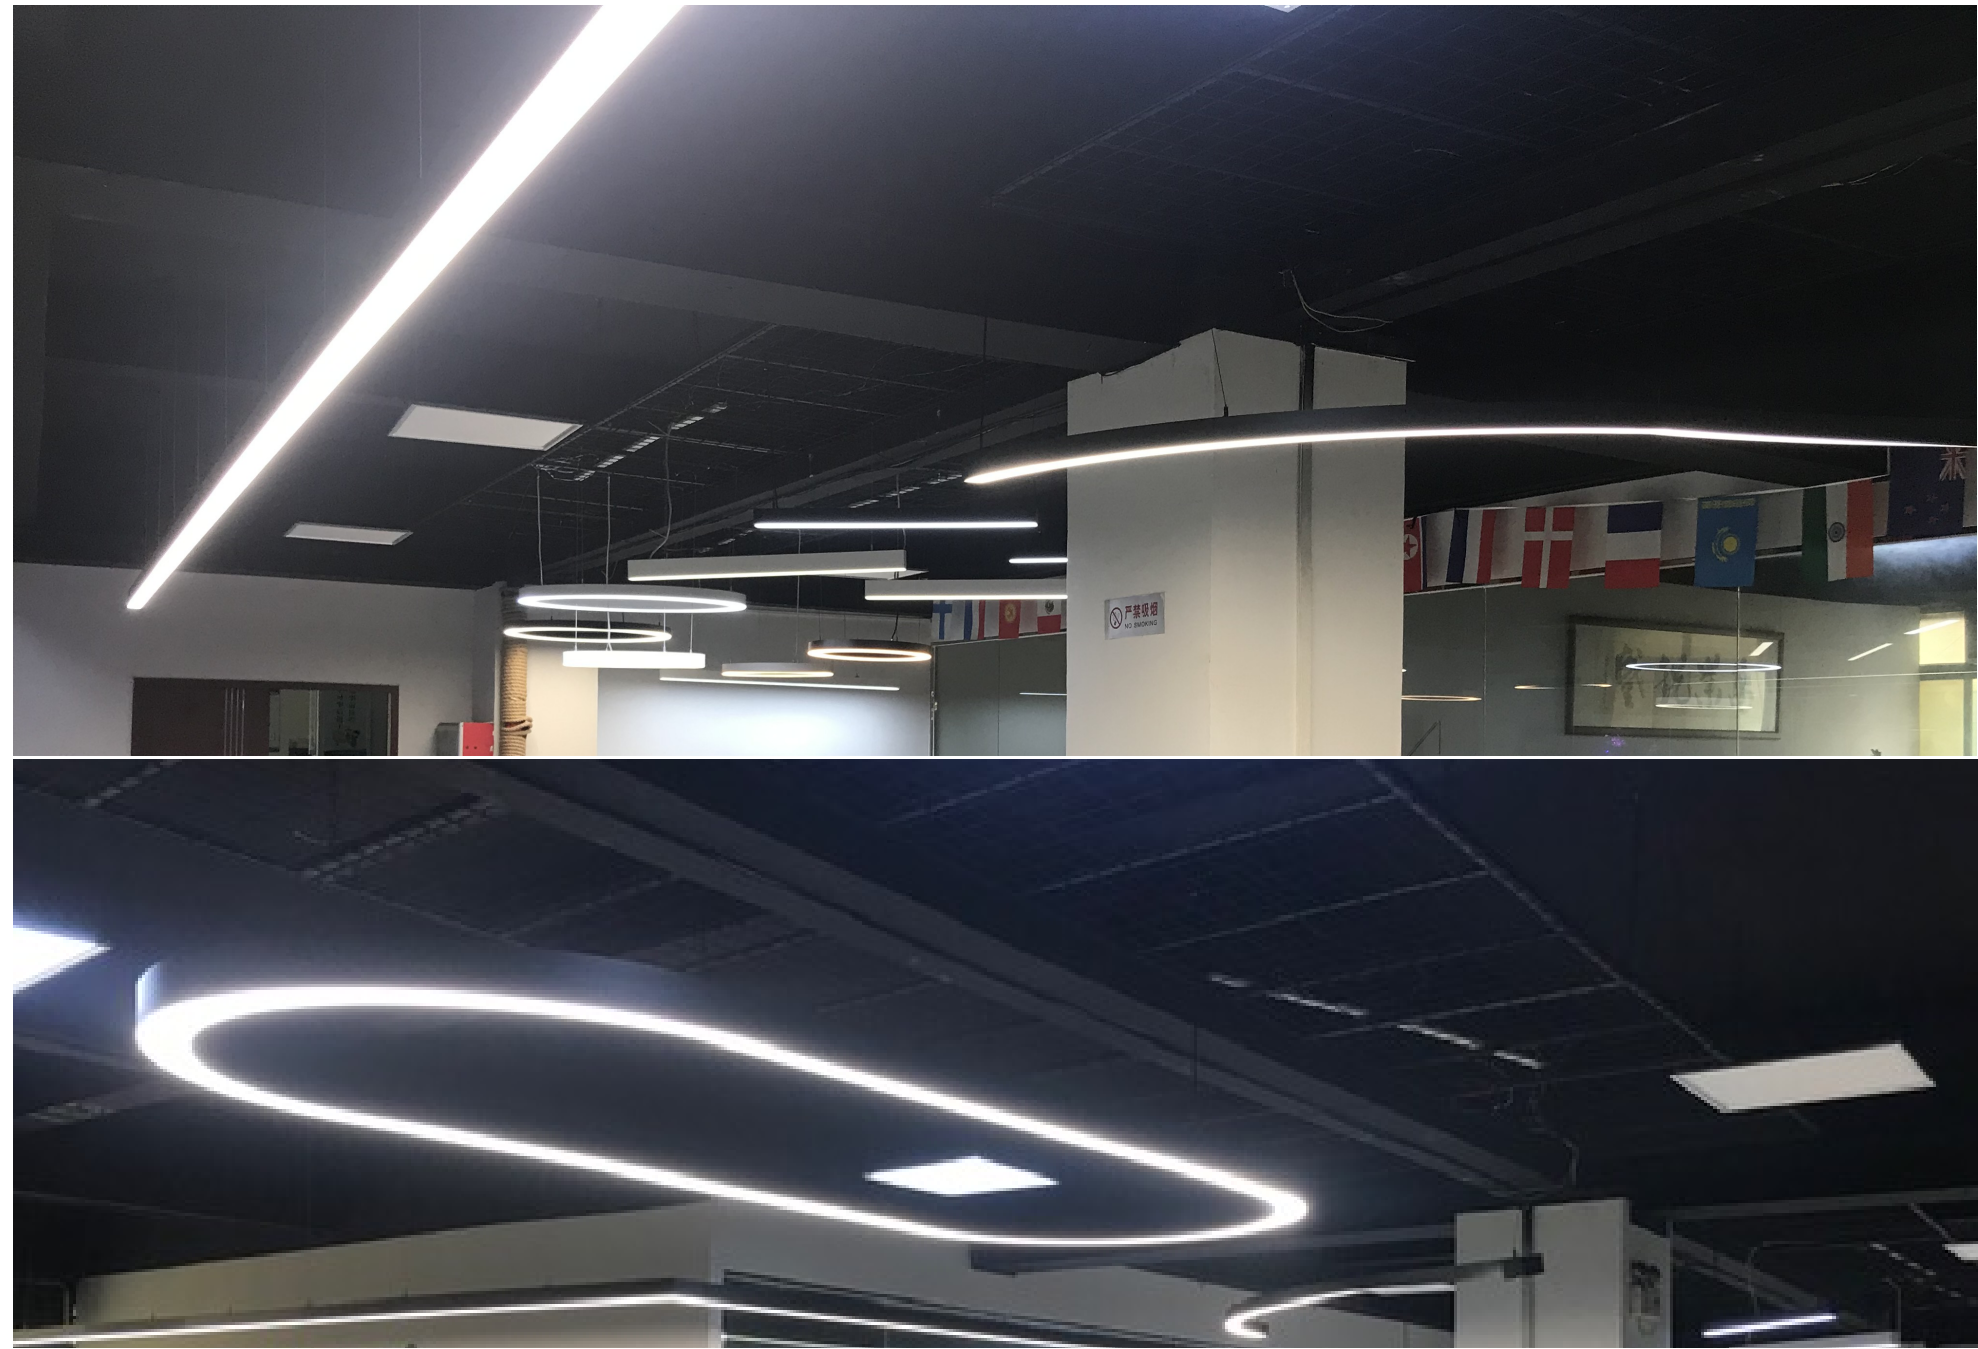

Contact us now to know more about our company, services & products.

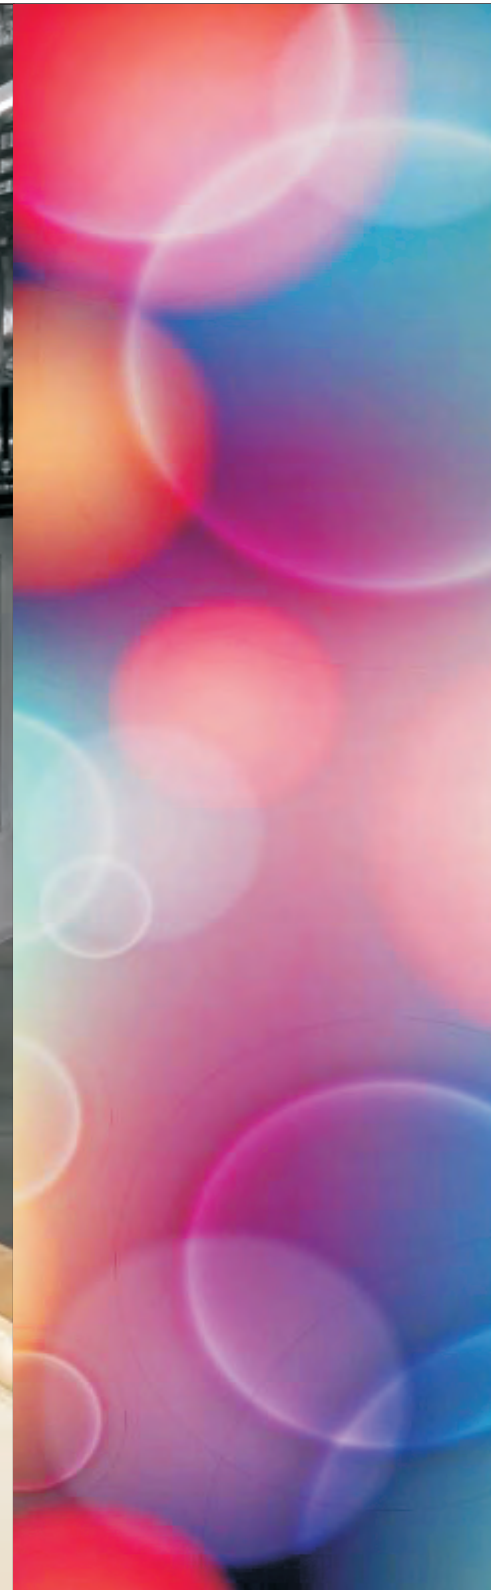

LUMINA ADVANTAGE

1. EXPERIENCED DESIGN TEAM PUTTING YOU IN CONTROL OF YOUR LIGHTING UPGRADES
2. A DEDICATED SALES TEAM READY TO ASSIST
3. SAMPLE DESIGNS IN PHOTOS AND IES FILES TO HELP YOUR CREATIVE JUICES TO START FLOWING
4. INDUSTRY LEADING COMPONENTS INSIDE EVERY FIXTURE
5. HEALTHY PRODUCT STOCKS AND SHORT LEAD TIMES MEAN YOU GET WHAT YOU NEED

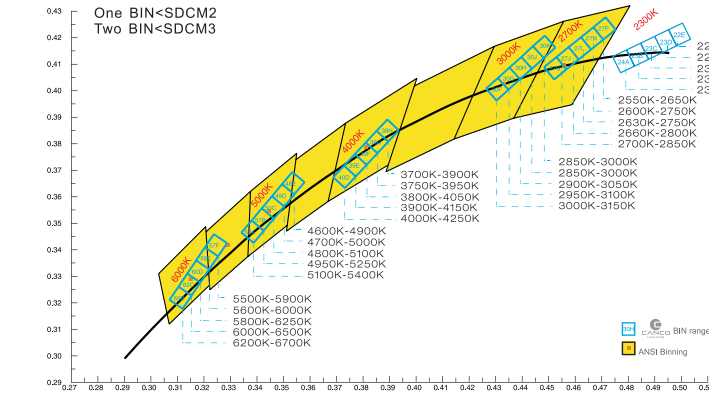

Encapsulation Advantage

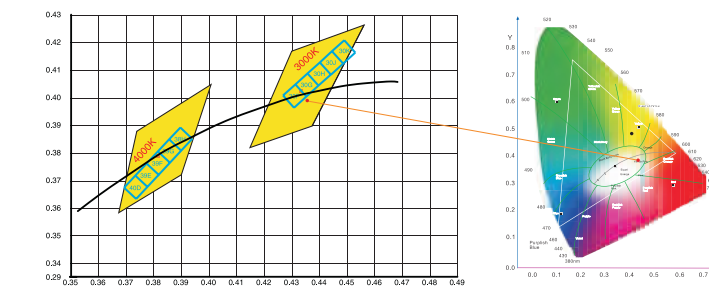

One BIN

Ensure customers to get the same Bin under the same order by using CIE (X,Y) coordinate spectrometer and the same Bin range segmented under the same color temperature

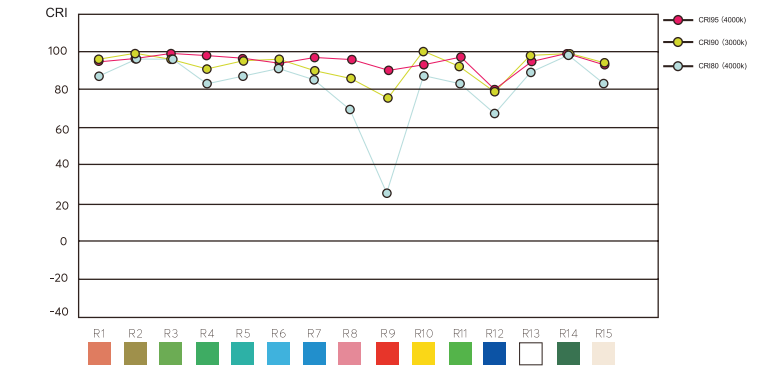

Choose any color as you want

Customize any color, wavelength, CCT, and BIN coordinate of LED light source in addition to conventional color, CCT and BIN.

High CRI

Average CRI Evaluation Indicator

CRI>90, As Natural As Sunshine

The color reproduction is as natural as sunshine (100) with the CRI ≥80 or CR90 5

CRI>80

Normal color satisfies the basic needs of light

CRI>90

Optimal color reproduction as natural as sunshine

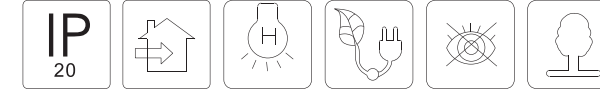

UGR < 19
FOR CHILDREN'S FUTURE

CC6068

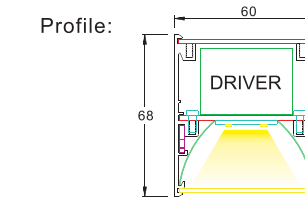

FEATURES

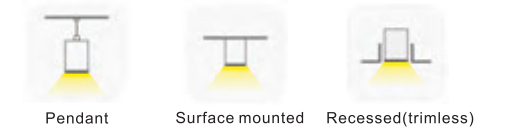

1. Modern recessed design
2. Unique structure allows for fast and easy connection, installation, and replacement
3. Flicker free driver and OSRAM SMD LED chips
4. High efficiency lens providing even lighting and anti-glare features
5. Available with dimming DALI, 0-10V, 1-10V, PWM
6. Choose from a variety of surface finishes and recessed lengths of your choosing
7. Perfect for offices, schools, hospitals, supermarkets, malls, hotels, and civic spaces

HALO SERIES

FEATURES

1. Modern recessed design
2. Unique structure allows for fast and easy connection, installation, and replacement
3. Flicker free driver and OSRAM SMD LED chips
4. High efficiency lens providing even lighting and anti-glare features
5. Available with dimming DALI, 0-10V, 1-10V, PWM
6. Choose from a variety of surface finishes and recessed lengths of your choosing
7. Perfect for offices, schools, hospitals, supermarkets, malls, hotels, and civic spaces

DASH RECESSED SERIES

Material: Extruded Aluminum
Acrylic
Finish: Powder Coated
Driver: External
Rated Voltage: 110-130V/220-240V

Surface Finish Color:

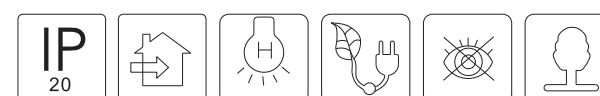

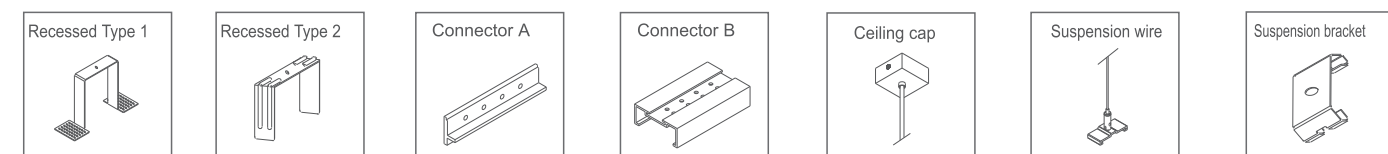

PARAMETERS
