| SD001 | All aluminum | 12W | COB | IP68 | Grey | 3000K | AC100-265V |

Gardens, balconies terraces and walkways

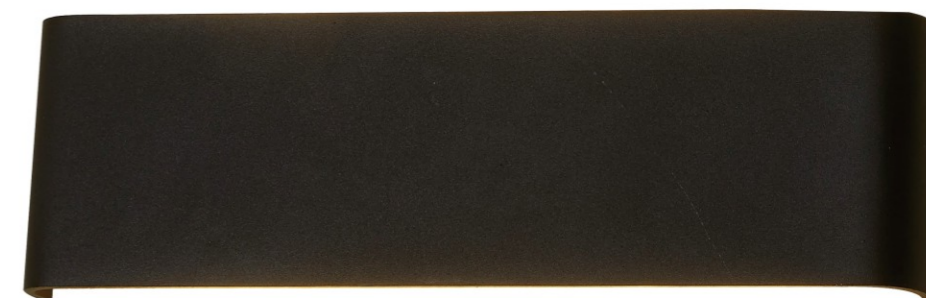

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

Wall Light B1001

indoor

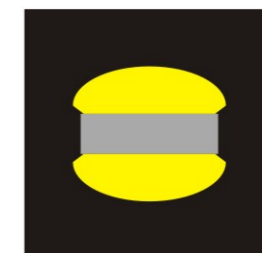

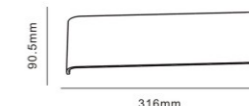

B1001

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-------|-------------------|------------------|--------------------------|----------------|---------------|
| B1001 | All aluminum | 12W | 2835 SMD | IP44 | Sand black Sand white | 3000K | AC85-265V |

Indoor living area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

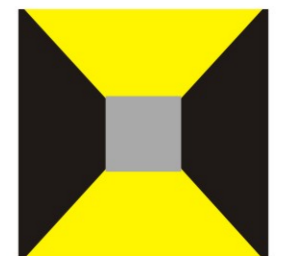

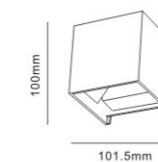

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-------|-------------------|------------------|--------------------------|----------------|---------------|
| B1002 | All aluminum | 3W*2 | COB | IP65 | Sand black Sand white | 3000K | AC85-265V |

Indoor and outdoor area

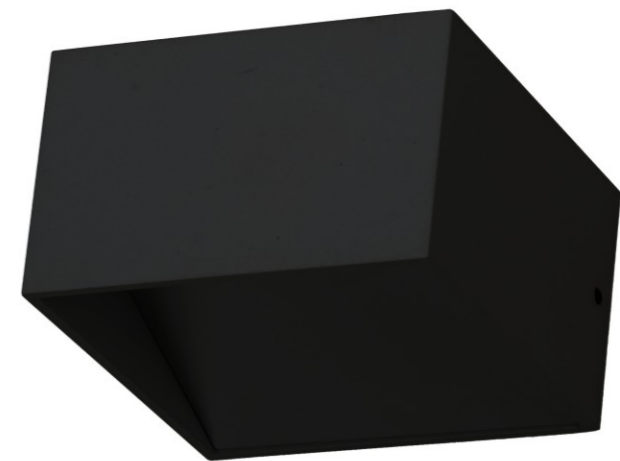

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

Wall Light B1003

indoor

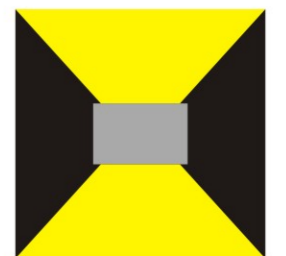

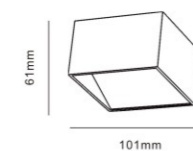

B1003

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-------|-------------------|------------------|--------------------------|----------------|---------------|
| B1003 | All aluminum | 7W | COB | IP44 | Sand black Sand white | 3000K | AC85-265V |

Indoor living area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

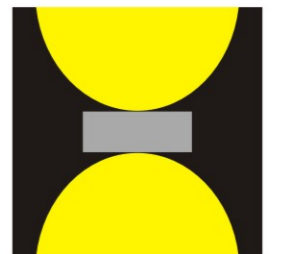

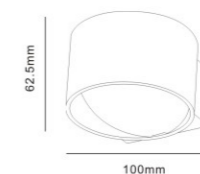

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-------|-------------------|------------------|--------------------------|----------------|---------------|
| B1004 | All aluminum | 7W | COB | IP44 | Sand black Sand white | 3000K | AC85-265V |

Indoor living area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

Wall Light B1005

indoor&outdoor

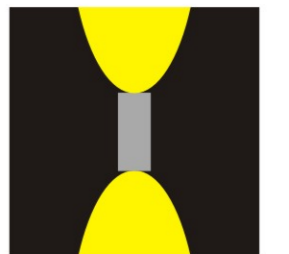

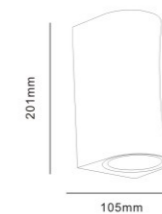

B1005

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-------|-------------------|------------------|--------------------------|----------------|---------------|
| B1005 | All aluminum | 6W*2 | COB | IP65 | Sand black Sand white | 3000K | AC85-265V |

Indoor and outdoor area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

Wall Light B1006

indoor

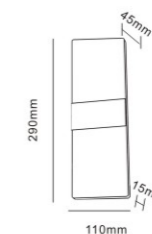

B1006

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------------|-------|-------------------|------------------|----------------|----------------|---------------|
| B1006 | Acrylic + aluminum | 8W | 2835 SMD | IP44 | Brush aluminum | 3000K | AC85-265V |

Indoor living area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

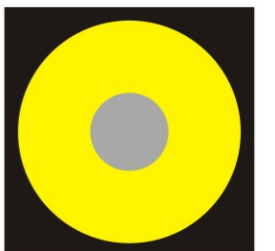

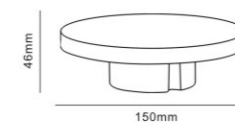

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-------|-------------------|------------------|------------------------|----------------|---------------|
| B1008 | All aluminum | 12W | 2835 SMD | IP65 | Sand black Sand ash | 3000K | AC100-265V |

Indoor and outdoor area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

Wall Light B1009

indoor&outdoor

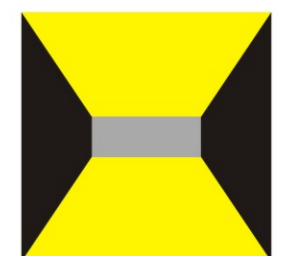

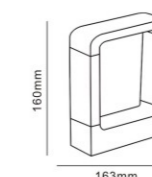

B1009

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|----------|-------------------|------------------|------------------------|----------------|---------------|
| B1009 | All aluminum | 7W / 10W | COB | IP65 | Sand black Sand ash | 3000K | AC100-265V |

Indoor and outdoor area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

Wall Light B1010

indoor&outdoor

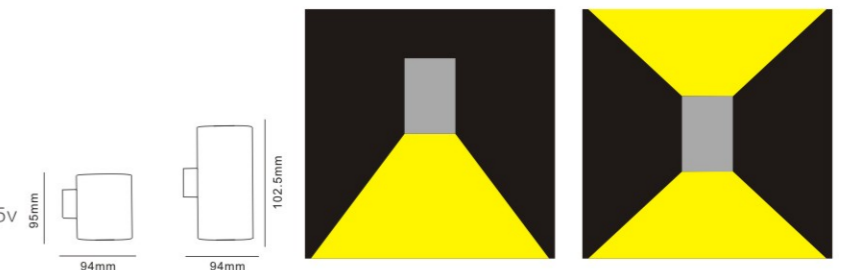

B1010

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-----------|-------------------|------------------|------------------------|----------------|---------------|
| B1010 | All aluminum | 15W/15W*2 | COB | IP65 | Sand black Sand ash | 3000K | AC90-265V |

Indoor and outdoor area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

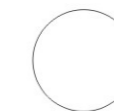

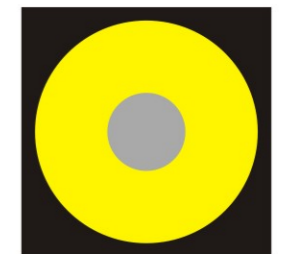

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-------|-------------------|------------------|----------------|----------------|---------------|
| B1011 | All aluminum | 9/12W | 2835 SMD | IP44 | Golden | 3000K | AC90-265V |

Indoor living area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

20/25/30cm

Wall Light B1012

indoor

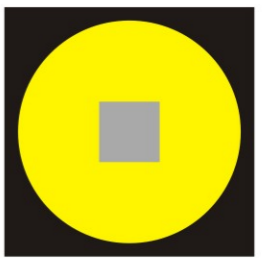

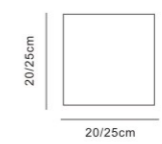

B1012

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-------|-------------------|------------------|----------------|----------------|---------------|
| B1012 | All aluminum | 12W | 2835 SMD | IP44 | Golden | 3000K | AC100-265V |

Indoor living area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v

Wall Light B1014

indoor

B1014

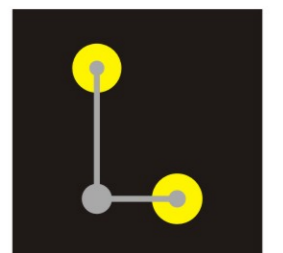

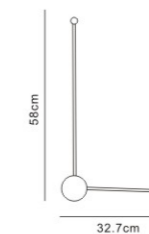

IP44     

| Code | Material | Power | Light source chip | Waterproof level | Exterior color | Luminous color | Input voltage |
|-------|--------------|-------|-------------------|------------------|----------------|----------------|---------------|
| B1014 | All aluminum | 3W*2 | COB | IP44 | Sand black | 3000K | AC85-265V |

Indoor living area

- Die-cast Aluminium body
- Protective powder coated finish
- Silicon rubber gasket
- External driver with extended range 100v-265v
